ITALY 2014

The Virginia Tech women's basketball team traveled to Italy in May for a 10-day foreign tour that included three games as Tech faced USD Santa Marinella, AS Virtus Basket Spezia and the Israeli National Team. The Hokies visited several cities while in Italy, including Rome, Venice, Florence, Pisa, Verona and Lake Como. During this once-in-a-lifetime trip, the team got the opportunity to tour the Colosseum, Pantheon, Roman Forum, Vatican City and the famed Sistine Chapel while on the Rome part of the trip. Tech traveled to Florence to visit Michelangelo's David as well as Il Duomo di Firenze and the Ponte Vecchio bridge over the Arno River. While in the Tuscany region, the Hokies toured the Leaning Tower of Pisa, walking to the top of the tower that overlooks the Field of Miracles, the Baptistery of San Giovanni and St. Mary's Cathedral. In Venice, the Hokies were able to fully explore the famous city and took guided tours of the famed Murano Glassworks and Saint Mark's Basilica. The final leg of the journey included a stop in Verona to see Juliette's Balcony before traveling on to one of the most beautiful places in world, Lake Como, which was highlighted by a guided boat tour and a visit to the Bellagio.

HAHN HURST BASKETBALL PRACTICE CENTER

Finest practice facilities in major college basketball. The Hahn Hurst Basketball Practice Center affords the Hokies every convenience needed to build an elite college basketball program.

Since moving into the center in August 2009, this \$21 million facility has given the Hokies the facility so needed to compete at the highest level. The 49,000 foot building, which ties together modern, state-of-the-art amenities with the architectural integrity of the beautiful Virginia Tech campus, is a shining beacon to the commitment the university has made to basketball.

From the moment you walk through the front doors, you are engulfed with the magnitude of this beautiful facility. The two-story front lobby is a testament to the history and future promise of the Virginia Tech basketball program. From the large graphics to the various memorabilia, this area is awash with images of the greatest players in Hokie history. The main feature of the building is the twocourt, 16,609-square-foot practice gym. Spacious and convenient, the gym is equipped with a soft wall that can be lowered to divide the courts to allow both the men's and the women's team to practice at the same time. The courts are replicas of the main court in Cassell Coliseum, allowing the team to practice on the same surface on which it will play.

The office suites on the second floor feature offices for the assistants, a conference room and a huge office for the head coach. A view of the practice courts is available from the head coach's office, the large reception area and the connecting balcony.

Behind a secured entrance, the facility offers every feature needed to build a program. The spacious weight room has the full range of free weights, machines, treadmills, ellipticals and other equipment – all with a panoramic view of the practice courts.

Adjacent to the weight room is the modern, fully-equipped training room. This area features

two examination rooms, a taping area and hot and cold immersion tubs. A state-of-the-art Alter G rehab machine also is located in this area. The sports medicine staff can handle all aspects of treatment and rehabilitation of injuries from this room.

Across the hall is the equipment room, completely stocked with the finest gear offered by Nike. This area opens out into the parking lot where the team begins its travel just steps from the locker room.

Speaking of the locker room, the Hokies boast the finest around. The fully appointed lounge area is outfitted with a sound system, 62 inch flat screen television, refrigerator and computer workstations. The complex also features a classroom with video and dry-erase boards, perfect for various forms of instruction and team meetings. The locker room itself is spacious, with video screens and large individual lockers with extra storage space.

Immediately behind the practice gym is a large patio area. This area is used for social events and tailgating functions.

The Hokies settled into their \$21 million, 49,000 square-foot practice facility in August, 2009. The building boasts two practice gyms, a 3,000 squarefoot basketball weight room, training rooms, lounges, coaches offices, film rooms and locker rooms.

COACH PROFILES

HEAD COACH **DENNIS WOLFF**

Fourth Season • Connecticut, 1978

Dennis Wolff was named the sixth head women's basketball coach at Virginia Tech on March 22, 2011.

The Hokies continued to improve under Wolff during his third year at the helm. Finishing 14-16 overall, Tech recorded its best finish since the 2009-10 season. The Hokies also boasted a win over then-ranked No. 11 North Carolina on the road, marking the program's first win in Chapel Hill. In addition, the Hokies defeated NCAA teams Florida, Michigan State and Robert Morris. Wolff also coached Uju Ugoka to All-ACC Second Team honors in 2014.

During Wolff's second season, the Hokies picked up a big win over a top-25 opponent, defeating then-19th ranked Florida State with a decisive 71-52 win over the Seminoles in Cassell Coliseum. The win snapped an eight game skid against FSU. Tech also improved in its overall and ACC record under Wolff's leadership.

In his inaugural season with the Hokies, Wolff guided Virginia Tech to an improved ACC record that featured a milestone win over then-ranked No. 8 Maryland. Tech's win over the 2012 ACC Champion Terrapins marked the first time in over a decade that the Hokies have defeated a team ranked eighth or better and just the third time in team history. Wolff was also inducted in to the Basketball Old Timers of America Hall of Fame.

Prior to accepting the women's head coaching position, Wolff served one season as the director of men's basketball operations & assistant to the head coach for the Virginia Tech men's basketball program. He assisted the head coach in the day-to-day operations of the basketball program and also took on additional duties to better reflect a change in NCAA rules governing the operations position.

Before coming to Virginia Tech, Wolff served as the head men's basketball coach at Boston University from 1994-2009. Under Wolff's guidance, the Terriers won three straight conference titles (2002-2004) and made four consecutive postseason appearances (2002-05) for the first time in school history. He was a three-time America East Coach of the Year and a two-time NABC District 1 Coach of the Year selection.

Wolff was 247-197 (.556) in 15 years at BU, and is the school's all-time leader in victories. Including two years at Connecticut College in the early 1980s, Wolff is 277-215 (.563) in 17 years as a head coach.

Wolff arrived at BU following a four-year (1990-94) stint as an assistant coach under head coach Jeff Jones at the University of Virginia. Prior to his tenure at Virginia, Wolff spent four years (1985-89) as an assistant coach at Wake Forest and one year (1989-90) at Southern Methodist University.

Wolff began his coaching career at Trinity College, a Division III school in Hartford, Conn., where he served as an assistant from 1978-80. At the age of 25, he was named the head coach at Connecticut College and guided the Camels to a two-year mark of 30-18, including a successful 16-8 record in 1980-81, his first year as a head coach. In 1982, he began his first of

three years as an assistant coach at St. Bonaventure. In the last year, Wolff has been involved in the USO Operation Hardwood in Irag and the USO Operation Hoop Talk in Afghanistan.

A 1978 graduate of the University of Connecticut, Wolff was a two-year letterman under head coaches Dee Rowe and Dom Perno after transferring from Louisiana State University in 1975. A native of New York City, Wolff was a standout guard for Holy Cross High School. In recognition of his scholastic efforts, Wolff has since been inducted into the Holy Cross Athletic Hall of Fame.

Wolff and his wife JoAnn have three children: Nicole, Matt, and Michael. Nicole, the 2002 McDonald's National Player of the Year, played basketball at the University of Connecticut and is currently a psychologist in Boston. Matt played basketball at Boston University and now serves as a full-time assistant coach at American. Michael played ice hockey for Brown and is currently serving in the U.S. Navy.

HOKIE HOOPS HISTORY

FROM A HUMBLE BEGINNING MORE THAN 30 YEARS AGO, VIRGINIA TECH WOMEN'S BASKETBALL HAS DEVELOPED INTO ONE OF THE NATION'S TOP COLLEGE PROGRAMS

THE BEGINNINGS

Women's basketball at Virginia Tech began in 1970 as a club sport under the direction of coach Ganna Roberts. John Ristroph coached the squad during the 1972-73 season. In 1973, Joe Sgro, a professor at Tech, took over the team until 1976 when John Wetzel was named head coach. The team gained full varsity status beginning with the 1976-77 season.

TECH'S VARSITY COACHES

The Hokies' first varsity coach was former Tech player and former assistant coach of the NBA's Portland Trail Blazers, John Wetzel. He played on the men's team from 1963-66 and then went on to play pro ball with the Lakers, Suns and Hawks before coming back to Tech to finish his education and coach the women's squad. In his first and only season, his team recorded a 7-9 record.

Taking over for Wetzel in 1977 was Carolyn Owen, whose team registered an 8-16 mark. In 1978, Carol Alfano came on the scene and, in just her second season, guided the Tech women to their first winning record. Alfano coached the Hokies for 19 seasons guiding them to the program's first NCAA appearences in 1994 and 1995.

Bonnie Henrickson became the Hokies' fourth head coach in 1997 and led Tech to five NCAA Tournament and two WNIT bids in her seven seasons.

CONFERENCE TIMELINE

Feb. 25-26, 1921 - Tech, under the leadership of athletics director C.P. "Sally" Miles, joined the Southern Intercollegiate Conference as a charter member. Other members included Alabama, Alabama Polytechnic Institute (Auburn), Clemson, Georgia, Georgia School of Technology (Georgia Tech), Kentucky, Maryland, Mississippi Agricultural and Mechanical College (Mississippi State), North Carolina, North Carolina State, Tennessee, Virginia and Washington and Lee. In 1922, Louisiana State, Mississippi, South Carolina, Vanderbilt and Tulane joined the conference.

December 1923 - The name of the conference was officially changed to the Southern Conference. Also, conference officials added the University of the South to the conference. The following year, VMI joined the conference, and in 1929, Duke joined.

1932 - It was agreed that the 13 southern-most members should form a separate conference. The Southeastern Conference, thus, was formed with Alabama, Auburn, Florida, Georgia, Georgia Tech, Kentucky, LSU, Mississippi, Mississippi State, Sewanee, Tennessee, Tulane and Vanderbilt as the members.

1953 - Seven colleges withdrew to form the Atlantic Coast Conference: Clemson, Duke, North Carolina, North Carolina State, Maryland, South Carolina and Wake Forest College.

June 1965 - Tech withdrew from the Southern Conference.

July 1965-May 1978 - Tech competed as an independent in virtually every varsity sport.

May 1978 - Tech ended its 13-year status as a major independent by accepting a bid to join the Metropolitan Collegiate Athletic Conference (a.k.a. the Metro) for all sports except football.

The Hokies joined Cincinnati, Florida State, Louisville, Memphis State, St. Louis and Tulane in the Metro, which was founded in 1975.

February 5, 1991 -After 26 years as a football independent, Tech officially accepted a bid to join the newly-created BIG EAST Football Conference. Tech joined Miami, Syracuse, Boston College, Pittsburgh, West Virginia, Temple and Rutgers as charter members of the conference.

January 1995 - Five Metro members - UNC Charlotte, Tulane, Louisville, Southern Miss and South Florida - voted Tech and Virginia Commonwealth out of the league. At the time, those schools were planning a merger with other Midwestern schools (hence, the birth of Conference USA), and the Hokies and Rams were not interested in such a merger. As a result, those five league members decided to vote them out of the league.

February 3, 1995 - Tech, VCU and the Metro agreed to a \$2.27 million settlement which the Hokies and Rams split. A portion of conference revenue was going to be withheld from the two schools, but this settlement put an end to the issue.

Jim Weaver shakes hands with ACC Commissioner John Swofford as Virginia Tech is officially introduced as the 10th member of the Atlantic Coast Conference.

Two weeks later, 1995 - Tech joined the Atlantic 10 Conference for all sports except football, which was in the BIG EAST, and wrestling, which was in the Colonial. (Tech wrestling later began competition in the Eastern Wrestling League in 1997).

June 24, 1999 - Tech received a proposal from the BIG EAST Conference, inviting the school to join the conference for all sports.

July 20, 1999 - Tech submitted a counterproposal, addressing financial issues that the school had with the original proposal. BIG EAST athletic directors addressed those concerns at the athletics directors' meetings in mid-July and submitted the proposal to each school's respective president for a vote.

August 24, 1999 - Tech and the BIG EAST announced that the Hokies would join the conference for all sports beginning in 2001-02.

"Virginia Tech is thrilled to become a full member of the BIG EAST Conference and looks forward to its academic and athletic associations with the entire conference membership," Tech president Paul Torgersen said.

November 2, 1999 - BIG EAST Conference presidents voted to advance Virginia Tech's participation as a full member to July 1, 2000.

June 18, 2003 - In a surprise move, presidents of Atlantic Coast Conference schools privately dropped a plan to invite Miami, Boston College and Syracuse and instead voted on inviting Virginia Tech and Miami. This came after five weeks of negotiations with the other three schools for ACC invitations.

June 19, 2003 - Responding to speculation that Virginia Tech had been invited to join the ACC, the university issued a release stating that no offer had been extended officially or unofficially.

June 24, 2003 - Presidents of Atlantic Coast Conference schools held a teleconference and

voted to begin the official process of offering invitations to Virginia Tech and Miami.

June 25, 2003 - Atlantic Coast Conference officials made an official site visit to Virginia Tech, which the Hokies passed with flying colors. This was the final step before an official invitation could be extended.

June 27, 2003 - Virginia Tech President Charles Steger announced that the Hokies had officially accepted the ACC's invitation to join the conference.

"Today we have received the formal offer of membership, which we will accept," Steger said. "We know that this affiliation will be good for our students, athletes, fans and communities for many years to come."

July 1, 2003 - Virginia Tech and Miami were officially introduced as the 10th and 11th members of the Atlantic Coast Conference at a press conference in Greensboro, N.C.

"I'm excited for our fans and our constituency," athletics director Jim Weaver said. "This membership is something that the fan base and alumni and friends of Virginia Tech have wanted for a long time. It's home for us. We've had prior relationships with these institutions for many years and this is something our fans are excited about. I'm happy for them, for our coaches and for our student-athletes."

July 1, 2004 - The Hokies officially joined the ACC on July 1, 2004, and began play in the 2004-05 academic year in all sports.

Virginia Tech's challenging academic standards and hands-on, minds-on teaching philosophy attract high-achieving students. More degree programs are available through the university's eight colleges (Agriculture and Life Sciences, Architecture and Urban Studies, Engineering, Liberal Arts and Human Sciences, Natural Resources and Environment, Pamplin College of Business, Science, and Virginia-Maryland Regional College of Veterinary Medicine) and Graduate School than at any other university in the commonwealth. Some 93 percent of all departments offer e-learning courses.

The university's groundbreaking research transforms lives and communities. Virginia Tech ranks in the top 40 research universities in the United States, and with more than 100 research centers and seven university-wide research institutes, the university also consistently ranks among the top institutions in industry-supported research. Tech's nationally and internationally recognized faculty and motivated students are involved in thousands of research projects in fields ranging from biotechnology to materials, from the environment and energy to food and human health, and from transportation to computing information. The university also boasts an award-winning research park that is home to more than 140 companies.

ENGAGEMENT

As part of Virginia Tech's outreach mission and in adherence to its motto, the university serves and engages the citizens of the commonwealth, the nation and the world. The university is involved in a multitude of economic and community development projects. It manages more than \$92 million in funded economic development projects in 30 countries and encourages faculty members to develop global course content and study-abroad opportunities for students. OFFICE OF **STUDENT-ATHLETE DEVELOPMENT**

FOCUSING ON PERSONAL DEVELOPMENT

At Virginia Tech, student-athletes don't just play sports. With help from the Office of Student-Athlete Development, Hokie student-athletes work outside the athletic venue to develop into responsible adults who are assets to their communities.

Led by the Virginia Tech Student-Athlete Advisory Committee, Hokie student-athletes volunteered countless hours in the local community last year. In addition. almost 400 Virginia Tech student-athletes and support group members earned a 3.00 gradepoint average during one or both semesters, while achieving great success within athletics as well.

Inspired by the NCAA Student-Athlete Affairs commitment areas, the Office of Student-Athlete Development creates programs designed to enhance student-athletes in five areas: athletic excellence, academic excellence, personal and leadership development, community outreach and career development. In 2006, the program was recognized as a Division I-A "Program of Excellence" for establishing student welfare as the cornerstone of its operating principles.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (SAAC) is a committee made up of student-athletes assembled to provide insight on the studentathlete experience. It also offers input on the rules, regulations and policies that affect student-athletes' lives on NCAA member institution campuses. Two members of each sports team serve on SAAC each academic year.

PERSONAL DEVELOPMENT

The Office of Student-Athlete Development aims to help student-athletes lead balanced lifestyles, encouraging emotional well-being, personal growth and decision-making skills. Each team is required to attend two personal development programs during the year to educate student-athletes.

CAREER DEVELOPMENT

Virginia Tech student-athletes go through their collegiate athletic experiences with the understanding that they will need to secure a job upon graduation. The Office of Student-Athlete Development works to enhance student-athlete career development by collaborating with the Virginia Tech Career Services Office. Student-athletes also receive assistance in learning about majors and minors, preparing for career fairs, and obtaining postgraduate scholarships and internships.

ACADEMIC EXCELLENCE

The Office of Student-Athlete Development is also responsible for nominating student-athletes for academic honors and awards. Athletes are nominated for on-campus, Atlantic Coast Conference and national awards. Student-athletes with a 3.0 GPA are rewarded and honored on the Athletic Director's Honor Roll. In 2013-14, 378 student-athletes and 153 members of support groups were named to this prestigious list, which

was a large increase from the 395 who were honored during 2012-13.

COMMUNITY OUTREACH

Virginia Tech student-athletes are now involved more than ever in the local community. In conjunction with the mission of the Office of Student-Athlete Development and the Ut Prosim motto, student-athletes are encouraged to volunteer throughout their college experience. Each team partners with a local community organization and volunteers time at community-wide events. Along with large volunteer efforts, student-athletes engage in community support with visits to local hospitals and elementary and middle schools. Community organizations can also request Tech student-athletes to attend local outreach events. Involvement in this program helps maintain and improve the positive relationship between studentathletes and the surrounding community.

The Hokies continued a long tradition of giving back to the surrounding communities in 2013-14, participating in several events throughout the year.

Tech played a large role in the annual Montgomery County Christmas Store in 2013 as the Hokies traveled to Christiansburg to volunteer their time, assisting families with their shopping and restocking shelves when items ran low. In addition to helping out at the store, the Hokies hosted a game in which fans were encouraged to bring new toys to donate to the store.

The women's team hosted several games during the course of last season that gave back to the community including their annual Military Appreciation game as well as a game that welcomed the local branch of Special Olympics of Virginia to Cassell Coliseum.

On a national level, the Hokies invited local Girl Scout troops to come for a game in recognition of National Women in Sports Day. Tech also competed in their annual Play4Kay initiative, which honors former NC State Head Coach Kay Yow, who lost her long battle with breast cancer. The Hokies wear pink in the game to help raise awareness and funds for breast cancer research.

During the summer months, the coaching staff gave back as they participated in the Chilln4Charity initiative that swept around the country. The proceeds from the event also benefitted the Kav Yow Cancer Fund.

ATHLETIC PERFORMANCE

HELPING STUDENT-ATHLETES GET BIGGER, FASTER, STRONGER

Having a top-flight strength and conditioning program is one of the most important aspects of a successful college basketball program. Long before players ever step on a court in competition, the truly successful ones have dedicated themselves to the long hours of preparation it takes to be the best. The Virginia Tech strength and conditioning program is perfectly suited to develop successful studentathletes. And with the increased space in the Hahn Hurst Basketball Practice Center, this has proven even more so for the Hokies in the past two years.

Under the direction of assistant athletics director for athletic performance Mike Gentry, the Virginia Tech strength and conditioning program is among the best in the nation, helping to make the women's basketball program one of the best as well. Brandon Dillard is the strength and conditioning coach for the women's team under the supervision of the director for basketball programs, David Jackson. The results of hard work by the staff and the student-athletes have paid huge dividends as the Hokies have continually shown improvement in this area.

Brandon Dillard

The women's basketball team trains in the 4,000-square foot strength and conditioning center in the Hahn Hurst Basketball Practice Center. This dedicated weight room facility features free-weight equipment, a full line of Hammer Strength equipment, and four platforms. With this facility, Hokie basketball players do not need to split time between different weight rooms; everything needed to build a winner is under one roof.

The Hahn Hurst strength facility

Tech also has the use of a 10-by-40-yard sand pit located outdoors and adjacent to the weight room in the Merryman Center. This pit is used for resistive running drills to improve speed. The Hokies also have the practice fields for use in running drills.

ATHLETIC PERFORMANCE

SPORT PSYCHOLOGY

The Virginia Tech Athletics Department contracts with the Thomas E. Cook Counseling Center to provide psychological services for its student-athletes through the Sport Psychology Office. Dr. Gary Bennett coordinates the sport psychology department, which offers psychological and performance enhancement services for student-athletes. The mission of the sport psychology office is to promote student-athlete learning and development. Consistent with the university's mission to "educate the whole person," the Sport Psychology Program promotes the academic, intellectual, social, emotional, athletic, and personal development of student-athletes.

On average, Bennett conducts over 50 individual sessions per week and meets weekly with teams as the need arises.

The response to the sport psychology program has been positive. The student-athletes are very receptive to the services offered by the doctors. The sport psychology office reaches out to student-athletes who may not have considered going to the counseling service that is offered to all students at Virginia Tech.

SPORTS NUTRITION

Eating healthy and making food functional for athletic performance are important aspects of a Virginia Tech student-athlete's life, and that's why the athletics department implemented the sports nutrition program in July of 2002. Jennie Zabinsky is the department's director of sports nutrition.

The sports nutrition program offers a wide variety of services that aim to enhance the performance of each student-athlete. Services include individual assessments, team talks, body composition analysis using the Bod Pod, grocery store tours, supplement management and education, disordered eating counseling, travel meal arrangements, and basketball training table menu planning and management. Zabinsky works closely with coaches, team physicians, athletic trainers, strength coaches and the sport psychologist to address any performance concerns. She directs the nutrition and performance committee that meets monthly to discuss student-athletes of concern.

The sports nutrition staff manages two facilities, the Nutrition Oasis and Fueling Station, that provide athletes fuel in between workouts, classes and meals. Each facility provides recovery beverages, Gatorade products, smoothies, and a variety of high performance snack options as well as nutrition education resources.

NUTRITION OASIS

USING WHOLE FOODS TO ENHANCE PERFORMANCE AND HEALTH

The Nutrition Oasis serves as a resource room, providing fuel for athletes before, during, and after training. It includes access to protein and carbohydrate recovery drinks, Gatorade, fresh fruit, and bagels for all Olympic sport athletes. A new and improved Oasis opened during the summer of 2013 and includes a much larger space to accommodate a full-service smoothie bar, nutrition education area, food prep and storage space, an additional sports nutrition office, and room for small catered events. This space allows the sports nutrition program to continue to improve how it serves Virginia Tech student-athletes from a food and nutrition standpoint.

SPORTS MEDICINE

PROVIDING EXPERIENCED, PROFESSIONAL CARE

The Sports Medicine Department at Virginia Tech is constantly evolving to incorporate new ideas utilizing state-of-the-art resources for the betterment of all Hokie student-athletes. Under the leadership of Associate Athletics Director for Sports Medicine Mike Goforth, the department is constantly improving and developing new strategies to provide the most current and comprehensive care.

The team of certified athletic trainers, orthopaedic surgeons, Board Certified primary care physicians, chiropractors, physical therapists, sport psychologists, nutritionists, massage therapists and orthotists are available on site to manage the health care needs of Tech athletes. The staff continually looks for ways to enhance the services provided for its athletes as evidenced by its participation in local and national projects pertaining to related topics such as concussion management, prevention of antibiotic resistant types of staph infection (MRSA), high ankle sprains and collegiate health care management strategies. Research is considered instrumental to the sports medicine department. The department has participated in several projects with the engineering department and school of education, respectively.

Tech is in its 11th full year in the 4,300-squarefoot Eddie Ferrell Memorial Training Room, which consolidated the training rooms that existed in the Merryman Center and Cassell Coliseum. The facility gives the training staff a centralized area to care for the needs of all Virginia Tech studentathletes. There is top-of-the-line equipment and a unique style of architecture, developed by Glenn Reynolds, AIA and Larry Perry as the consulting engineer.

Reynolds helped Tech spearhead another expansion project that doubled the size of the existing training room and united the entire

medical staff, putting both the athletic trainers and doctors under one roof. Contruction was completed in 2014 to convert the current training room into a functional rehabilitation space for preventative and post injury care, while also adding doctor's offices adjacent to a new treatment area.

Tech has more than 10,000 square feet dedicated to sports medicine, placing it in the top five percent nationally. The training room also has offices for the staff, dozens of training tables, two cold tubs, whirlpools, an underwater treadmill, a Biodex System 3 and various other pieces of rehabilitation equipment and treatment modalities.

The Hahn Hurst Basketball Practice Center contains a fully-equipped training room. This area features two examination rooms, a taping area and hot and cold immersion tubs. A stateof-the-art Alter G rehab machine also is located in this area. The sports medicine staff can handle all aspects of treatment and rehabilitation of injuries from this room. Team physical therapist Erin Gibson works directly out of this facility in support of the basketball programs.

In addition, a training room has been constructed in Rector Field House for teams utilizing the facility, and the Gordon Family Mobile Sports Medicine Unit is a portable training room that can be transported to various venues.

Athletes have many options to help prevent or protect them from injuries. The sports medicine staff takes great pride in treating athletes yearround. Special attention is paid to offseason activity. The staff will analyze past injury data from each participant and construct a preventative program.

A vital part of student-athlete medical services is access to the LewisGale Hospital at Montgomery's SWVA Center for Orthopaedics and various specialty services offered through HCA Southwest Virginia and its affiliated hospitals.

"We are privileged to have access to the finest physicians and services that HCA has at its disposal," Goforth said. "It is comforting knowing that our local hospital has the best care available in this region of the country for our studentathletes."

Brad McCrady, D.O. Team Physician

Physical therapists Chris Rogers, Erin Gibson and

Katie Rogers play a large role in the overall program developed to return an injured athlete to 100 percent. Team chiropractor, Dr. Greg Tilley, provides Tech athletes with specialized treatment for spine-related conditions and plays a huge role in performance enhancement through various chiropractic techniques.

"As certified athletic trainers, for us to have the resources of folks like Erin Gibson, Chris Rogers, Mario Travis, Katie Rogers, Greg Tilley and Gary Bennett is a tremendous asset," Goforth said. "The knowledge and skills that they bring are invaluable."

Team orthopaedic surgeons Dr. Marc Siegel and Dr. James Farmer bring a wealth of experience and skill to assist when athletes need orthopaedic consultation for certain types of sports-related injuries. Both surgeons bring a unique skill set and have an excellent bedside manner that ensures that athletes and parents alike are comfortable and confident whenever surgery may be indicated.

Over the past 15 years, Tech has developed the reputation for producing top-level certified athletic trainers. Graduates are now employed in positions across the country at various levels of the profession.

BLACKSBURG, VA

A GREAT PLACE TO SPEND FOUR YEARS OR A LIFETIME!

One of America's best college towns, Blacksburg is a perfect setting for a great university like Virginia Tech.

Located in Southwest Virginia on a plateau between the Blue Ridge and Alleghany mountains, Blacksburg combines the laid-back lifestyle of a small town with the amenities one would expect to find around a major center of higher education. Together, the town and university have worked hard to create a progressive community that ranks among the nation's elite living environments. Virginia Tech and the Town of Blacksburg gained national and international attention by creating the world's first "electronic village." Businesses and industries have been drawn by the potential of the quaint town.

Established in 1798 by John and William Black, the town is surrounded by scenic mountain views that accentuate the area. Since its founding, Blacksburg has grown to become the largest town in Virginia. The nearly 43,000 residents (including students) enjoy a close proximity to a variety of recreation areas such as the Blue Ridge Parkway, Appalachian Trail, Claytor Lake and the New River. The region features a moderate climate and four distinct seasons. Blacksburg's location (adjacent to major interstate highways) provides convenient access to most points in the southern and eastern parts of the country.

More information on Blacksburg can be found on the town's web site, www.blacksburg.gov.
