HAHN HURST BASKETBALL PRACTICE CENTER

Finest practice facilities in major college basketball. The Hahn Hurst Basketball Practice Center affords the Hokies every convenience needed to build an elite college basketball program.

Since moving into the center in August 2009, this \$21 million facility has given the Hokies the facility so needed to compete at the highest level. The 49,000 foot building, which ties together modern, state-of-the-art amenities with the architectural integrity of the beautiful Virginia Tech campus, is a shining beacon to the commitment the university has made to basketball.

From the moment you walk through the front doors, you are engulfed with the magnitude of this beautiful facility. The two-story front lobby is a testament to the history and future promise of the Virginia Tech basketball program. From the large graphics to the various memorabilia, this area is awash with images of the greatest players in Hokie history. The main feature of the building is the twocourt, 16,609-square-foot practice gym. Spacious and convenient, the gym is equipped with a soft wall that can be lowered to divide the courts to allow both the men's and the women's team to practice at the same time. The courts are replicas of the main court in Cassell Coliseum, allowing the team to practice on the same surface on which it will play.

The office suites on the second floor feature offices for the assistants, a conference room and a huge office for the head coach. A view of the practice courts is available from the head coach's office, the large reception area and the connecting balcony.

Behind a secured entrance, the facility offers every feature needed to build a program. The spacious weight room has the full range of free weights, machines, treadmills, ellipticals and other equipment – all with a panoramic view of the practice courts.

Adjacent to the weight room is the modern, fully-equipped training room. This area features

two examination rooms, a taping area and hot and cold immersion tubs. A state-of-the-art Alter G rehab machine also is located in this area. The sports medicine staff can handle all aspects of treatment and rehabilitation of injuries from this room.

Across the hall is the equipment room, completely stocked with the finest gear offered by Nike. This area opens out into the parking lot where the team begins its travel just steps from the locker room.

Speaking of the locker room, the Hokies boast the finest around. The fully appointed lounge area is outfitted with a sound system, 62 inch flat screen television, refrigerator and computer workstations. The complex also features a classroom with video and dry-erase boards, perfect for various forms of instruction and team meetings. The locker room itself is spacious, with video screens and large individual lockers with extra storage space.

Immediately behind the practice gym is a large patio area. This area is used for social events and tailgating functions.

The Hokies settled into their \$21 million, 49,000 square-foot practice facility in August, 2009. The building boasts two practice gyms, a 3,000 squarefoot basketball weight room, training rooms, lounges, coaches offices, film rooms and locker rooms.

WECOLOGISTICS

"Cassell Coliseum is one of the toughest places for a visiting team to play in the country. Hokie basketball fans have shown true support throughout the team's existence."

> - Head Coach, Dennis Wolff

The floor at Cassell Coliseum has been renamed the Virginia Tech Carilion Court in recognition of a generous sponsorship of Virginia Tech athletics that will be used to fund scholarships and strategic initiatives, as well as to support public-health awareness.

ELLIE

HEAD COACH **DENNIS WOLFF**

Fifth Season • Connecticut, 1978

Dennis Wolff was named the sixth head women's basketball coach at Virginia Tech on March 22, 2011.

In 2015, the Hokies went on a historic run in the ACC Tournament, advancing to the quarterfinal round for the first time since joining the league 10 years ago. Tech knocked of NC State in the opening round, picking up the Hokies first win over the Wolfpack in program history and recording their first postseason win since 2006-07. In the second round, the Hokies defeated Pittsburgh before falling to 2015 NCAA Elite Eight team, Florida State in the quarters. Sophomore Vanessa Panousis was named to the All-Tournament team after averaging 16 points en route to setting the Virginia Tech single-season three-pointers made record.

In Wolff's third year, the Hokies finished 14-16 overall and recorded their best finish since the 2009-10 season. The Hokies also boasted a win over then-ranked No. 11 North Carolina on the road, marking the programs first win in Chapel Hill. In addition, the Hokies defeated NCAA teams Florida, Michigan State and Robert Morris. Wolff also coached Uju Ugoka to All-ACC Second Team honors in 2014.

During Wolff's second season, the Hokies picked up a big win over a top-25 opponent, defeating then-19th ranked Florida State with a decisive 71-52 win over the Seminoles in Cassell Coliseum. The win snapped an eight game skid against FSU. Tech also improved in its overall and ACC record under Wolff's leadership.

In his inaugural season with the Hokies, Wolff guided Virginia Tech to an improved ACC record that featured a milestone win over then-ranked No. 8 Maryland. Tech's win over the 2012 ACC Champion Terrapins marked the first time in over a decade that the Hokies have defeated a team ranked eighth or better and just the third time in team history.

Wolff was also inducted in to the Basketball Old Timers of America Hall of Fame.

Prior to accepting the women's head coaching position, Wolff served one season as the Director of Men's Basketball Operations & Assistant to the Head Coach for the Virginia Tech men's basketball program.

Before coming to Virginia Tech, Wolff served as the head men's basketball coach at Boston University from 1994-2009 where he posted a record of 247-197 (.556) and is the school's all time leader in victories. Under Wolff's guidance, the Terriers won three straight conference titles (2002-2004) and made four consecutive postseason appearances (2002-05) for the first time in school history. He was a three-time America East Coach of the Year and a two-time NABC District 1 Coach of the Year selection.

STATE

HOKIE HOOPS HISTORY

FROM A HUMBLE BEGINNING MORE THAN 30 YEARS AGO, VIRGINIA TECH WOMEN'S BASKETBALL HAS DEVELOPED INTO ONE OF THE NATION'S TOP COLLEGE PROGRAMS

THE BEGINNINGS

Women's basketball at Virginia Tech began in 1970 as a club sport under the direction of coach Ganna Roberts. John Ristroph coached the squad during the 1972-73 season. In 1973, Joe Sgro, a professor at Tech, took over the team until 1976 when John Wetzel was named head coach. The team gained full varsity status beginning with the 1976-77 season.

TECH'S VARSITY COACHES

The Hokies' first varsity coach was former Tech player and former assistant coach of the NBA's Portland Trail Blazers, John Wetzel. He played on the men's team from 1963-66 and then went on to play pro ball with the Lakers, Suns and Hawks before coming back to Tech to finish his education and coach the women's squad. In his first and only season, his team recorded a 7-9 record.

Taking over for Wetzel in 1977 was Carolyn Owen, whose team registered an 8-16 mark. In 1978, Carol Alfano came on the scene and, in just her second season, guided the Tech women to their first winning record. Alfano coached the Hokies for 19 seasons guiding them to the program's first NCAA appearances in 1994 and 1995.

Bonnie Henrickson became the Hokies' fourth head coach in 1997 and led Tech to five NCAA Tournament and two WNIT bids in her seven seasons.

Beth Dunkenberger became head coach in 2004 and guided Tech to the postseason three times while at the helm. The Hokies received bids to the NCAA Tournament in 2005 and 2006 and advanced to the WNIT Third Round in 2007.

Dennis Wolff was named Tech's seventh varsity head coach on March 22, 2011.

FIRST SCHOLARSHIP PLAYERS

The first women's basketball player to earn any kind of scholarship was Helena Flannagan in 1977, when she received partial aid. Kim Albany (1978-82), who was recruited by Owen, was Tech's first full scholarship player. Also in 1978, Sis Spriggs received a full grant, and partials went to Donna Cooper, Pauline Landis and Sandy Berry.

RETIRED JERSEY

Renee Dennis' No. 44 jersey was retired at the conclusion of her career in 1987. Dennis, from Bridgeport, Conn., is one of only 14 athletes in Tech athletic history to have his or her jersey retired. She was the first female athlete to receive that honor and one of only three so far in Hokie history.

The others to have their jerseys retired are head football coach Frank Beamer, football players Cornell Brown, Carroll Dale, Jake Grove, Frank Loria, Jim Pyne, Bruce Smith and Michael

CONFERENCE TIMELINE

Feb. 25-26, 1921 - Tech, under the leadership of athletics director C.P. "Sally" Miles, joined the Southern Intercollegiate Conference as a charter member. Other members included Alabama, Alabama Polytechnic Institute (Auburn), Clemson, Georgia, Georgia School of Technology (Georgia Tech), Kentucky, Maryland, Mississippi Agricultural and Mechanical College (Mississippi State), North Carolina, North Carolina State, Tennessee, Virginia and Washington and Lee. In 1922, Louisiana State, Mississippi, South Carolina, Vanderbilt and Tulane joined the conference.

December 1923 - The name of the conference was officially changed to the Southern Conference. Also, conference officials added the University of the South to the conference. The following year, VMI joined the conference, and in 1929, Duke joined.

1932 - It was agreed that the 13 southern-most members should form a separate conference. The Southeastern Conference, thus, was formed with Alabama, Auburn, Florida, Georgia, Georgia Tech, Kentucky, LSU, Mississippi, Mississippi State, Sewanee, Tennessee, Tulane and Vanderbilt as the members.

1953 - Seven colleges withdrew to form the Atlantic Coast Conference: Clemson, Duke, North Carolina, North Carolina State, Maryland, South Carolina and Wake Forest College.

June 1965 - Tech withdrew from the Southern Conference.

July 1965-May 1978 - Tech competed as an independent in virtually every varsity sport.

May 1978 - Tech ended its 13-year status as a major independent by accepting a bid to join the Metropolitan Collegiate Athletic Conference (a.k.a. the Metro) for all sports except football.

The Hokies joined Cincinnati, Florida State, Louisville, Memphis State, St. Louis and Tulane in the Metro, which was founded in 1975.

February 5, 1991 -After 26 years as a football independent, Tech officially accepted a bid to join the newly-created BIG EAST Football Conference. Tech joined Miami, Syracuse, Boston College, Pittsburgh, West Virginia, Temple and Rutgers as charter members of the conference.

January 1995 - Five Metro members - UNC Charlotte, Tulane, Louisville, Southern Miss and South Florida - voted Tech and Virginia Commonwealth out of the league. At the time, those schools were planning a merger with other Midwestern schools (hence, the birth of Conference USA), and the Hokies and Rams were not interested in such a merger. As a result, those five league members decided to vote them out of the league.

February 3, 1995 - Tech, VCU and the Metro agreed to a \$2.27 million settlement which the Hokies and Rams split. A portion of conference revenue was going to be withheld from the two schools, but this settlement put an end to the issue.

Jim Weaver shakes hands with ACC Commissioner John Swofford as Virginia Tech is officially introduced as the 10th member of the Atlantic Coast Conference.

Two weeks later, 1995 - Tech joined the Atlantic 10 Conference for all sports except football, which was in the BIG EAST, and wrestling, which was in the Colonial. (Tech wrestling later began competition in the Eastern Wrestling League in 1997).

June 24, 1999 - Tech received a proposal from the BIG EAST Conference, inviting the school to join the conference for all sports.

July 20, 1999 - Tech submitted a counterproposal, addressing financial issues that the school had with the original proposal. BIG EAST athletic directors addressed those concerns at the athletics directors' meetings in mid-July and submitted the proposal to each school's respective president for a vote.

August 24, 1999 - Tech and the BIG EAST announced that the Hokies would join the conference for all sports beginning in 2001-02.

"Virginia Tech is thrilled to become a full member of the BIG EAST Conference and looks forward to its academic and athletic associations with the entire conference membership," Tech president Paul Torgersen said.

November 2, 1999 - BIG EAST Conference presidents voted to advance Virginia Tech's participation as a full member to July 1, 2000.

June 18, 2003 - In a surprise move, presidents of Atlantic Coast Conference schools privately dropped a plan to invite Miami, Boston College and Syracuse and instead voted on inviting Virginia Tech and Miami. This came after five weeks of negotiations with the other three schools for ACC invitations.

June 19, 2003 - Responding to speculation that Virginia Tech had been invited to join the ACC, the university issued a release stating that no offer had been extended officially or unofficially.

June 24, 2003 - Presidents of Atlantic Coast Conference schools held a teleconference and

voted to begin the official process of offering invitations to Virginia Tech and Miami.

June 25, 2003 - Atlantic Coast Conference officials made an official site visit to Virginia Tech, which the Hokies passed with flying colors. This was the final step before an official invitation could be extended.

June 27, 2003 - Virginia Tech President Charles Steger announced that the Hokies had officially accepted the ACC's invitation to join the conference.

"Today we have received the formal offer of membership, which we will accept," Steger said. "We know that this affiliation will be good for our students, athletes, fans and communities for many years to come."

July 1, 2003 - Virginia Tech and Miami were officially introduced as the 10th and 11th members of the Atlantic Coast Conference at a press conference in Greensboro, N.C.

"I'm excited for our fans and our constituency," athletics director Jim Weaver said. "This membership is something that the fan base and alumni and friends of Virginia Tech have wanted for a long time. It's home for us. We've had prior relationships with these institutions for many years and this is something our fans are excited about. I'm happy for them, for our coaches and for our student-athletes."

July 1, 2004- The Hokies officially joined the ACC on July 1, 2004, and began play in the 2004-05 academic year in all sports.

The university fulfills its land-grant mission of transforming knowledge to practice through technological leadership and by fueling economic growth and job creation locally, regionally and across Virginia.

LEARNING

Virginia Tech's challenging academic standards and hands-on, mindson teaching philosophy attract high-achieving students. More degree programs are available through the university's eight colleges (Agriculture and Life Sciences, Architecture and Urban Studies, Engineering, Liberal Arts and Human Sciences, Natural Resources and Environment, Pamplin College of Business, Science, and Virginia-Maryland Regional College of Veterinary Medicine) and Graduate School than at any other university in the commonwealth. Some 93 percent of all departments offer e-learning courses.

DISCOVERY

The university's groundbreaking research transforms lives and communities. Virginia Tech ranks 38 among the top research universities in the United States, and with more than 100 research centers and seven university-wide research institutes, the university also consistently ranks among the top institutions in industry-supported research. an educated and engaged society, knowledge creation, strategic business partnerships and job creation – the fruits of a modern research university."

Throughout his academic career and administrative leadership positions, President Sands has remained connected to students. He continued this practice during his first year at Virginia Tech by attending Hokie Camp and helping students carry their belongings during Move-In days and frequently visiting the dining halls. He also stays in regular contact with students via Twitter, where he tweets as @ VTSandsman.

Before taking the helm at Tech, President Sands, 57, served as Executive Vice President for Academic Affairs and Provost at Purdue University in West Lafayette, Indiana. He served as Purdue's acting president during the Fall semester of 2012. As Purdue's chief academic officer, he led efforts to elevate student success, resulting in the highest first-to-second year retention and four-year graduation rates in Purdue's history.

President Sands earned a bachelor's degree with highest honors in engineering physics and a master's degree and doctorate in materials science from the University of California, Berkeley. He joined the Purdue faculty in 2002 as the Basil S. Turner Professor of Engineering in the schools of materials engineering and electrical and computer engineering. Throughout his career, he has participated in and led research teams and academic programs that have been characterized by open collaboration across a wide array of disciplines.

President Sands has published more than

250 refereed papers and conference proceedings and has been granted 20 patents in electronic and optoelectronic materials and devices. He is a fellow of the Institute of Electrical and Electronics Engineers (IEEE), the Materials Research Society (MRS) and the National Academy of Inventors (NAI).

President Sands is joined in Blacksburg by his wife, Dr. Laura Sands, a professor of gerontology in the Department of Human Development at Virginia Tech. All four of their children graduated from Purdue.

Despite a daunting schedule, President Sands maintains his long-establish fitness regimen which includes early-morning pickup basketball in War Memorial Gym and exploration of the region's scenic biking and hiking trails.

TIMOTHY D. SANDS INIVERSITY PRESIDENT

@VTSandsman

Timothy D. Sands is the 16th president of Virginia Polytechnic Institute and State University. Throughout his distinguished academic career, he has served as scientist, researcher, inventor, educator, and a leader at several of America's foremost universities.

"I am delighted and honored to serve this great university. Virginia Tech is a truly a special place. The spirit of community and service exhibited by students, faculty, staff and alumni is unlike anything I've seen. Our motto, Ut Prosim (That I May Serve) and our drive to 'Invent the Future' constantly motivate us to seek answers to the most challenging questions facing Virginia and the nation," Sands said.

During his first year, President Sands began laying the groundwork for advancing Virginia Tech to a new level of excellence. One of his first initiatives was the creation of InclusiveVT, a university-wide effort to advance inclusion and diversity on in the university's many communities. President Sands is personally leading this effort through the President's Inclusion and Diversity Executive Council.

"Inclusion and diversity are the keys to innovation," Sands said. "We need fresh voices and new perspectives that will challenge us to think differently and develop new ideas. This will also prepare our students to compete and thrive in a rapidly changing global environment."

In May of 2015 President Sands announced that the Virginia Tech community would engage in a year-long visioning process to advance the university's status as an internationally recognized, global land-grant institution and to strategically address the challenges and opportunities presented by the changing landscape of higher education.

"I believe that Virginia Tech is poised to become a 21st century, global land-grant university leader," Sands said. "By building upon our traditional focus and range of disciplinary excellence, we are positioned to advance the university and the Commonwealth by promoting

DIRECTOR OF ATHLE /hitBabcock

Whit Babcock was officially announced as Virginia Tech's Director of Athletics on Jan. 24, 2014. Babcock, a former college baseball player at James Madison University, joined the Hokies following two and a half years at the University of Cincinnati, where he served as the Director of Athletics, and five years at the University of Missouri, where he served as the executive associate director of athletics.

Now in his second year at Tech, Babcock continues making his mark in all facets of the department. His approach is to ensure that the programs continue their recent string of successes, while he also remains sharply focused on the areas of academics, student-athlete experience, fan engagement and fundraising.

The Hokies have enjoyed success both in the playing venues and in the classroom during Babcock's brief tenure. In 2015, Virginia Tech won ACC championships in the sports of men's track and field and wrestling - the

Director's Cup standings in 2014-15, finishing with its highest ever point total at 640.50 and tying for its best-ever finish at No. 35.

Academically, 50 percent of Tech's student-athletes maintain a cumulative grade-point average 3.0 or better. The average team cumulative GPA is 3.06, and 13 teams maintain a 3.0 cumulative GPA or better.

Babcock also unveiled the "Pylons of Promise," a landmark document that sets forth the university's and the athletics department's commitment. to student-athletes during their times at Virginia Tech. This document served as Virginia Tech's response to the changes in the NCAA governance landscape. The Pylons of Promise is based on the ideals emblazoned on the eight pylons at the Virginia Tech War Memorial Court.

Babcock also made his mark on Tech's facilities in his second year, as he and his staff oversaw the completion of a new \$21.3 million indoor practice facility behind the Jamerson Athletics Center. This facility will be used by the football program, and other sports, including the men's and women's soccer, baseball, softball and lacrosse programs. He also has a vision for future improvements to Rector Field House, Tech Softball Park, English Field, Cassell Coliseum and the Burrows-Burleson Tennis Center.

Babcock's inaugural year at Virginia Tech was a busy one, as he hired a new basketball coach in Buzz Williams, who took Marquette University to the NCAA Tournament five times in six seasons. He also signed both longtime football coach Frank Beamer and defensive coordinator Bud Foster to contract extensions, and he oversaw the launching of a new mission statement and core values for the athletics department.

Under Babcock's leadership, the department continues to emphasize the fan experience. Fan amenities, customer initiatives, a gameday app and new interactive video scoreboard elements, as well as the free Hokie Village fan festival, are all designed to create memorable experiences. Virginia Tech also made significant investments in a new lighting system and sound system for Cassell Coliseum and will unveil Courtside at Cassell VIP seating for events at the facility beginning in 2015-16.

Prior to his time at Cincinnati, Babcock's 22-year career path included stops at Missouri, West Virginia, Auburn, and James Madison.

A native of Harrisonburg, Virginia, Babcock lettered four seasons in baseball at James Madison University and served as team captain his senior year. He earned his bachelor's degree from JMU in 1992. In 1996, he received his master's in sports management from West Virginia University.

He and his wife, Kelly, have three sons: (pictured below I-r) Andrew, Brett and Eli.

school's 19th and 20th ACC team titles since joining the league. During the 2014-15 academic year, seven teams qualified for NCAA competition, including women's cross country, men's golf, women's soccer, softball, men's tennis, women's tennis and wrestling.

(18th) and women's tennis (30th) registered their highest-ever finishes in the final ITA standings, as well. In addition, the Hokies' track

and field and swimming and diving teams sent several individuals to the NCAA championships in those respective sports, including Irena Sediva, who won the 2015 national title in the javelin, breaking her own school and ACC record in the process. Virginia Tech once again excelled in the Learfield Sports

OFFICE OF STUDENT-ATHLETE DEVELOPMENT

FOCUSING ON PERSONAL DEVELOPMENT

The Office of Student-Athlete Development is committed to ensuring a first-class student-athlete experience. With a holistic focus on leadership development, career development and a commitment to community outreach, Virginia Tech student-athletes are provided with a foundation for success at the university level and beyond.

Inspired by the NCAA Student-Athlete Affairs commitment areas, the Office of Student-Athlete Development creates programs designed to enhance student-athletes in five areas: athletic excellence, academic excellence, personal and leadership development, community outreach and career development.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (SAAC) is a committee made up of student-athletes assembled to provide insight on the studentathlete experience. It also offers input on the rules, regulations and policies that affect student-athletes' lives on NCAA member institution campuses. Two members of each sports team serve on SAAC each academic year.

PERSONAL DEVELOPMENT

The Office of Student-Athlete Development aims to help student-athletes lead balanced lifestyles, encouraging emotional well-being, personal growth and decision-making skills. Each team is required to attend two personal development programs during the year to educate student-athletes.

CAREER DEVELOPMENT

The Office of Student-Athlete Development is committed to educating student-athletes on the proficiencies and strategies necessary to develop career success during their time at Virginia Tech and beyond. Similar to their athletic development, exposure to opportunities to utilize and refine those skills in real-world situations only enhances their likelihood for success. The office collaborates with Virginia Tech Career Services in order to enhance career development skills and opportunities for personal and professional growth.

ACADEMIC EXCELLENCE

The Office of Student-Athlete Development is also responsible for nominating student-athletes for academic honors and awards. Athletes are nominated for on-campus, Atlantic Coast Conference and national awards. Student-athletes with a 3.0 GPA are rewarded and honored on the Athletic Director's Honor Roll. In 2013-14, 378 student-athletes and 153 members of support groups were named to this prestigious list, which was a large increase from the 395 who were honored during 2012-13.

COMMUNITY OUTREACH

With the university motto, *Ut Prosim*, (That I May Serve) at our core, the Office of Student-Athlete Development assists student-athletes in taking advantage of the many opportunities to volunteer throughout their college experience. Teams partner with national and local community organizations and volunteer their time at community-wide events. Involvement in these initiatives helps maintain and improve the positive relationship between studentathletes and the surrounding community. Reading to elementary school students, visiting children's hospitals and assisting with local food drives are just a few of the many ways Virginia Tech studentathletes give back.

The women's team hosted several games during the course of last season that gave back to the community including their annual Military Appreciation game as well as a game that welcomed the local branch of Special Olympics of Virginia to Cassell Coliseum.

Tech played a large role in the annual Montgomery County Christmas Store as the Hokies traveled to Christiansburg to volunteer their time, assisting families with their shopping and restocking shelves when items ran low. In addition to helping out at the store, the Hokies hosted a game in which fans were encouraged to bring new toys to donate to the store.

On a national level, the Hokies invited local Girl Scout troops to come for a game in recognition of National Women in Sports Day. Tech also competed in their annual Play4Kay initiative, which honors former NC State Head Coach Kay Yow, who lost her long battle with breast cancer. The Hokies wear pink in the game to help raise awareness and funds for breast cancer research

ATHLETIC PERFORMANCE

HELPING STUDENT-ATHLETES GET BIGGER, FASTER, STRONGER

Having a top-flight strength and conditioning program is one of the most important aspects of a successful college basketball program. Long before players ever step on a court in competition, the truly successful ones have dedicated themselves to the long hours of preparation it takes to be the best. The Virginia Tech strength and conditioning program is perfectly suited to develop successful studentathletes. And with the increased space in the Hahn Hurst Basketball Practice Center, this has proven even more so for the Hokies in the past two years.

Under the direction of assistant athletics director for athletic performance Mike Gentry, the Virginia Tech strength and conditioning program is among the best in the nation, helping to make the women's basketball program one of the best as well. Brandon Dillard is the strength and conditioning coach for the women's team under the supervision of the director for basketball programs, David Jackson. The results of hard work by the staff and the student-athletes have paid huge dividends as the Hokies have continually shown improvement in this area.

Brandon Dillard

The women's basketball team trains in the 4,000-square foot strength and conditioning center in the Hahn Hurst Basketball Practice Center. This dedicated weight room facility features free-weight equipment, a full line of Hammer Strength equipment, and four platforms. With this facility, Hokie basketball players do not need to split time between

different weight rooms; everything needed to build a winner is under one roof.

The Hahn Hurst strength facility

Tech also has the use of a 10-by-40-yard sand pit located outdoors and adjacent to the weight room in the Merryman Center. This pit is used for resistive running drills to improve speed. The Hokies also have the practice fields for use in running drills.

DR. MIKE GENTRY

ASSOCIATE ATHLETICS DIRECTOR FOR ATHLETIC PERFORMANCE

Responsibilities: As associate athletics director for athletic performance, Gentry's duties include overseeing the strength and conditioning training of athletes in 22 varsity sports at Virginia Tech, and he is directly involved in training the football team. Gentry also supervises the sports nutrition and sport psychology programs.

Record at Virginia Tech: Gentry was inducted into the USA Strength and Conditioning Coaches Hall of Fame in 2010. He was named the second-annual Samson Strength & Conditioning Coach of the Year in the March 2005 issue of American Football Monthly.

In May 2003, Gentry was honored by the Collegiate Strength and Conditioning Coaches when he was named a Master Strength and Conditioning Coach. Gentry was one of only 36 coaches in the country to have received the CSCC's highest award when he was honored. In 1995 and 1996, Gentry was recognized by the National Strength and Conditioning Association as a finalist for the National Strength and Conditioning Professional of the Year.

ATHLETIC PERFORMANCE

SPORT PSYCHOLOGY

The Virginia Tech Athletics Department contracts with the Thomas E. Cook Counseling Center to provide psychological services for its student-athletes through the Sport Psychology Office. Dr. Gary Bennett coordinates the sport psychology department, which offers psychological and performance enhancement services for student-athletes. The mission of the sport psychology office is to promote student-athlete learning and development. Consistent with the university's mission to "educate the whole person," the Sport Psychology Program promotes the academic, intellectual, social, emotional, athletic, and personal development of student-athletes.

On average, Bennett conducts over 50 individual sessions per week and meets weekly with teams as the need arises.

The response to the sport psychology program has been positive. The student-athletes are very receptive to the services offered by the doctors. The sport psychology office reaches out to student-athletes who may not have considered going to the counseling service that is offered to all students at Virginia Tech.

SPORTS NUTRITION

Eating healthy and making food functional for athletic performance are important aspects of a Virginia Tech student-athlete's life, and that's why the athletics department implemented the sports nutrition program in July of 2002. Jennie Zabinsky is the department's director of sports nutrition.

The sports nutrition program offers a wide variety of services that aim to enhance the performance of each student-athlete. Services include individual assessments, team talks, body composition analysis using the Bod Pod, grocery store tours, supplement management and education, disordered eating counseling, travel meal arrangements, and basketball training table menu planning and management. Zabinsky works closely with coaches, team physicians, athletic trainers, strength coaches and the sport psychologist to address any performance concerns. She directs the nutrition and performance committee that meets monthly to discuss student-athletes of concern.

The sports nutrition staff manages two facilities, the Nutrition Oasis and Fueling Station, that provide athletes fuel in between workouts, classes and meals. Each facility provides recovery beverages, Gatorade products, smoothies, and a variety of high performance snack options as well as nutrition education resources. In addition, Virginia Tech has started providing a training table to help promote hydration, muscle recovery, glycogen, synthesis, providing options to meet a variety of energy needs while increasing antioxidant and fiber intake.

DR. GARY BENNETT

SPORT PSYCHOLOGIST

Responsibilities: Bennett meets with student-athletes on an individual basis for personal counseling and to discuss the mental aspects of the game. He also works on team building, communication and performance enhancement. Bennett has taught and supervised pre-doctoral level interns.

Joined VT Athletics Staff: 2000 (full time since 2007); 15th year. Record at Virginia Tech: Bennett began working at Virginia Tech in 1995 at the Cook Counseling Center. Now, as the sport psychologist, he also serves on the committees for nutrition, performance and substance abuse; and the planning committee for the "Summit for Student-Athlete Success" events. He also works with various teams in the area of performance enhancement.

Education: Centre (Ky.) College, 1981, B.A. English, where he played baseball; University of Kentucky, 1988, master's in rehabilitation counseling; UK, 1995, Ph.D. in counseling psychology.

Of Note: Bennett is licensed as a clinical psychologist and has additional training in sport psychology. He is certified as a sport psychology consultant by the Association of Applied Sport Psychology and is a member of Division 47 (exercise and sport psychology) of the American Psychology Association.

Personal: Bennett lives in Blacksburg and enjoys playing golf and basketball, as well as hiking and skiing, in his spare time.

JENNIE ZABINSKY, MAEd, RD

SPORTS NUTRITIONIST

Responsibilities: Zabinsky is responsible for all nutrition and performance related concerns for varsity student-athletes including individual counseling, team talks, body composition analysis using the Bod Pod, recovery nutrition plans, grocery store tours, training table menu planning, travel meal arrangements, managing the Nutrition Oasis and Fueling Stations, and supplement education. Joined VT Staff: 2011; fourth year.

At Virginia Tech: Zabinsky worked as the sports nutrition graduate assistant under former director Amy Freel, before being hired as director. She directs the nutrition and performance committee.

Education: Roanoke College, 2005 (B.A., in sociology) while competing in basketball for four years; Virginia Tech, 2009 (B.S., in human nutrition, foods and exercise: dietetics option); Virginia Tech, 2010 (dietetic internship); Virginia Tech, 2013 (master of arts in education).

Of Note: Zabinsky is in her fourth year as director. She is a member of the Collegiate and Professional Sports Dietitians Association (CPSDA) and Academy of Nutrition and Dietetics.

Family: A native of Centreville, Va., Zabinsky and her husband Sam live in Christiansburg.

NUTRITION OASIS

USING WHOLE FOODS TO ENHANCE PERFORMANCE AND HEALTH

The Nutrition Oasis serves as a resource room, providing fuel for athletes before, during, and after training. It includes access to protein and carbohydrate recovery drinks, Gatorade, fresh fruit, and bagels for all Olympic sport athletes. A new and improved Oasis opened during the summer of 2013 and includes a much larger space to accommodate a full-service smoothie bar, nutrition education area, food prep and storage space, an additional sports nutrition office, and room for small catered events. This space allows the sports nutrition program to continue to improve how it serves Virginia Tech student-athletes from a food and nutrition standpoint.

72

Virginia Tech has started providing a training table, giving teams the opportunity to come together for a meal planned out by the sports nutrition staff. The goal with the menu is to promote hydration, muscle recovery, glycogen (energy) synthesis, providing options to meet a variety of energy needs while increasing antioxidant and fiber intake. The Hokies work with a chef who interacts with the studentathletes, teaching them about the foods being prepared while encouraging them to try new foods.

SPORTS MEDICINE

PROVIDING EXPERIENCED, PROFESSIONAL CARE

The Sports Medicine Department at Virginia Tech is constantly evolving to incorporate new ideas utilizing state-of-the-art resources for the betterment of all Hokie student-athletes. Under the leadership of Associate Athletics Director for Sports Medicine Mike Goforth, the department is constantly improving and developing new strategies to provide the most current and comprehensive care.

The team of certified athletic trainers, orthopaedic surgeons, Board Certified primary care physicians, chiropractors, physical therapists, sport psychologists, nutritionists, massage therapists and orthotists are available on site to manage the health care needs of Tech athletes. The staff continually looks for ways to enhance the services provided for its athletes as evidenced by its participation in local and national projects pertaining to related topics such as concussion management, prevention of antibiotic resistant types of staph infection (MRSA), high ankle sprains and collegiate health care management strategies. Research is considered instrumental to the sports medicine department. The department has participated in several projects with the engineering department and school of education, respectively.

Tech is in its 11th full year in the 4,300-squarefoot Eddie Ferrell Memorial Training Room, which consolidated the training rooms that existed in the Merryman Center and Cassell Coliseum. The facility gives the training staff a centralized area to care for the needs of all Virginia Tech studentathletes. There is top-of-the-line equipment and a unique style of architecture, developed by Glenn Reynolds, AIA and Larry Perry as the consulting engineer.

Reynolds helped Tech spearhead another expansion project that doubled the size of the existing training room and united the entire medical staff, putting both the athletic trainers and doctors under one roof. Construction was completed in 2014 to convert the current training room into a functional rehabilitation space for preventative and post injury care, while also adding doctor's offices adjacent to a new treatment area.

Tech has more than 10,000 square feet dedicated to sports medicine, placing it in the top five percent nationally. The training room also has offices for the staff, dozens of training tables, two cold tubs, whirlpools, an underwater treadmill, a Biodex System 3 and various other pieces of rehabilitation equipment and treatment modalities.

The Hahn Hurst Basketball Practice Center contains a fully-equipped training room. This area features two examination rooms, a taping area and hot and cold immersion tubs. A stateof-the-art Alter G rehab machine also is located in this area. The sports medicine staff can handle all aspects of treatment and rehabilitation of injuries from this room. Team physical therapist Erin Gibson works directly out of this facility in support of the basketball programs.

In addition, a training room has been constructed in Rector Field House for teams utilizing the facility, and the Gordon Family Mobile Sports Medicine Unit is a portable training room that can be transported to various venues.

Athletes have many options to help prevent or protect them from injuries. The sports medicine staff takes great pride in treating athletes yearround. Special attention is paid to offseason activity. The staff will analyze past injury data from each participant and construct a preventative program.

A vital part of student-athlete medical services is access to the LewisGale Hospital at Montgomery's SWVA Center for Orthopaedics and various specialty services offered through HCA Southwest Virginia and its affiliated hospitals.

"We are privileged to have access to the finest physicians and services that HCA has at its disposal," Goforth said. "It is comforting knowing that our local hospital has the best care available in this region of the country for our studentathletes."

Physical therapists Chris Rogers, Erin Gibson and

Katie Rogers play a large role in the overall program developed to return an injured athlete to 100 percent. Team chiropractor, Dr. Greg Tilley, provides Tech athletes with specialized treatment for spine-related conditions and plays a huge role in performance enhancement through various chiropractic techniques.

"As certified athletic trainers, for us to have the resources of folks like Erin Gibson. Chris Rogers. Mario Travis, Katie Rogers, Greg Tilley and Gary Bennett is a tremendous asset," Goforth said. "The knowledge and skills that they bring are invaluable."

Team orthopaedic surgeons Dr. Marc Siegel and Dr. James Farmer bring a wealth of experience and skill to assist when athletes need orthopaedic consultation for certain types of sports-related injuries. Both surgeons bring a unique skill set and have an excellent bedside manner that ensures that athletes and parents alike are comfortable and confident whenever surgery may be indicated.

Over the past 15 years, Tech has developed the reputation for producing top-level certified athletic trainers. Graduates are now employed in positions across the country at various levels of the profession.

REACHING OUT

HOKIES IN THE COMMUNITY

The Virginia Tech women's basketball team continues its tradition of giving back to Blacksburg and the surrounding communities.

In December, the women's basketball team was active with the Montgomery County Christmas Store. Fans were encouraged to bring donations to games during December and the Hokies assisted the store with set-up and helped families with their holiday shopping.

Tech hosted both the Special Olympics and Military Appreciation Day during the month of January, and in February the Hokies held a day for Girl Scouts and their families to attend a game.

The Hokies are always active in the Play4Kay initiative which honors former NC State head coach Kay Yow, who lost her long battle with breast cancer. Tech wears pink in an annual game to help raise awareness and funds for breast cancer research.

BLACKSBURG, VA

A GREAT PLACE TO SPEND FOUR YEARS OR A LIFETIME!

One of America's best college towns, Blacksburg is a perfect setting for a great university like Virginia Tech.

Located in Southwest Virginia on a plateau between the Blue Ridge and Alleghany mountains, Blacksburg combines the laid-back lifestyle of a small town with the amenities one would expect to find around a major center of higher education. Together, the town and university have worked hard to create a progressive community that ranks among the nation's elite living environments. Virginia Tech and the Town of Blacksburg gained national and international attention by creating the world's first "electronic village." Businesses and industries have been drawn by the potential of the quaint town.

Established in 1798 by John and William Black, the town is surrounded by scenic mountain views that accentuate the area. Since its founding, Blacksburg has grown to become the largest town in Virginia. The nearly 43,000 residents (including students) enjoy a close proximity to a variety of recreation areas such as the Blue Ridge Parkway, Appalachian Trail, Claytor Lake and the New River. The region features a moderate climate and four distinct seasons. Blacksburg's location (adjacent to major interstate highways) provides convenient access to most points in the southern and eastern parts of the country.

More information on Blacksburg can be found on the town's web site,
